## Chauvin Fair Sets New High Record

Livestock entries at the Chauvin fair held Thursday last excelled all previous entries both in number of entries as well as in quality, establishing an entirely new record.

The entries in both horses and cattle were fully seventy per cent heavier than last year, accounting for the good competition in practically every class, and the standard of the exhibits throughout were such as to be a real credit to any district.

This year's fair was ample to indicate that there are a number of really first class stockmen and breeders in the district, that there is a considerable quantity of good servicable breeding stock which includes some individuals which would be prize winners at the larger fairs.

As a one day event, the fair was above the average, and judging from the keen interest taken in the success of the fair by the farmers as well as the business men, a bigger and better fair than ever can be expected next year.

The showing of heavy horses was exceptionally good. Although there were Suffolk Punches and Percherons, Clydesdales were the biggest classes, and in the grades the majority of the horses showed Clydesdale breeding.

In the stallions, George Leggett, with a thick horse with plenty of size and good clean action, captured first over John Milne and George Snell Sr. who took second and third. George Leggett also came in for the championship with the same horse.

W. Sewell was alone in the yearling stallions with a splendid colt that would stand up well in good company. He had several entries of Clydes, all showing good breeding, and came in for a good share of the best prizes.

In the brood mare with foal at foot Mr Sewell had an exceptionally good mare with plenty of bone and weight and of the right type.

John Duncan, who also had a good entry came second in the Clydesdale class. H. C. Dunlop, of Edgerton, had a good string of Clydes, including some pure bred of the right kind and well fitted, coming in for some of the best prizes. In the three year old filly class he had a splendid animal with lots of style and quality as well as weight. Mr Dunlop also captured the female championship.

In the Percherons, George Reynolds had two stallions and one more of an outstanding quality.

The Suffolk Punch horses displayed by Lt-Col Rodden and Wm Rodden were attractive looking animals. In both Percherons and Suffolk Punch classes there was but little competition against the winners.

The agricultural classes, which included both the heavy draft grades as well as agricultural, were exceptionally good. In practically every class there were from eight to ten entries and competition throughout was very good.

A McLean in the dry mares four years or over, went to the head of the lineup in a class of seven, with a good looking mare with splendid action and lots of quality. W. Sewell, with a good entry, came second, and John Milne third.

The geldings, four years old and over, were also a good class with nine entries. H. C. Dunlop, with a showy horse with splendid lines, took first, with Alex Taylor and E. B. Lang second and third.

The general purpose classes, including (Continued on inner page)

## Edgerton Fair A Great Success

Edgerton Agricultural Fair this was the most successful held in the history of the Society; an improvement in numbers and quality, in all exhibits in all departments were placed in competition which was very keen. Over \$800 were paid out in prizes, and the financial statement of the Society shows a thrifty balance. Much credit must be reflected upon the directorate, and public at large, for the splendid co-operation displayed in bringing the fair to the splendid high standard. The very splendid fair grounds, now procured add much to interest now taken by every one concerned.

## Chauvin G.W.V.A.

A general meeting of the Chauvin Branch of the G.W.V.A. was held at the office of the secretary, Saturday July 6th at 8 o'clock p.m.

There was a fair attendance. Pres. W. Cubitt presiding.

Minutes of the last meeting were read, and it was moved Pitman-Herbert that same be adopted as read. Carried.

Secretary presented a statement of receipts and expenditures re-July 19th Sports and Dance showing a surplus of \$25. Moved Herbert-Pitman that this report be accepted. Carried.

Moved Pitman-Tuey, that meeting adjourn. Carried.

The Executive of the Chauvin G.W.V.A. held a meeting after the general meeting; President Cubitt presiding.

The matter of fixing up the Hall was discussed, and it was moved Pitman-Soul, that Com. Tuey commence painting Monday morning, as per offer, and that Com. Herbert complete the siding of the east wall. Carried. President Cubitt was authorized to arrange for all materials required for painting and carpenter work.

Moved Soul-Pitman that meeting be adjourned. Carried.

## Court News

Magistrate Dawson with the court stenographer Miss MacFarlane, were in attendance at Chauvin, Thursday last. Three cases were heard and disposed of.

Eugene Coulombe vs. Wyman Johnson: Eugene JJdsJsWrthue\* ni son: Coulombe laid information that Johnson, an employee of the Alberta Govt telephones was driving auto on the wrong side of the road, causing collision and damage to his rig. Johnson was fined \$3.00 and costs of court.

Eugene Coulombe vs Wyman Johnson: Coulombe laid information that Johnson was approaching curve at speed exceeding one mile in six minutes. Johnson proved that he was driving slower. Case dismissed and the costs ordered to be paid by the prosecution.

Pete Tishlenko vs. C. Sigurdson: Tisklenko, section man at Butze laid information of assault. The defendant was fined \$5.00 and costs.

Miss Wilson has arrived at Dima to take up her duties at the Woodford school.

A number of the boys enjoyed the use of the new Chauvin rifle range on Saturday afternoon. This is the first time the range and butts have been used. They report a good time.

ed some very good animals, but as a whole were not so good as the agri-  
cultural. There seemed to be a con-  
siderable confusion in the minds of most of the exhibitors just what a general purpose horse was, and as a result some of the horses shown in the general purpose classes were merely draft horses and not the clean limbed type of horse capable of do-  
ing a certain amount of farm work as well as taking the place of the road-  
ster. J. F. Russell had a team of light bays that had plenty of action and fairly clean limbed and was plac-  
ed first. G. Hare with a black team with plenty of action and the right size, but hardly as well fitted, taking second.  
The cattle exhibits were worthy of commendation, indicating as they did that we have some of the choicest stock of Alberta right in our midst. The judge was unstinting in his praise for said he "There are beaests here which would win prizes in th  
largr fairs.  
The Shorthorns were the largest in number and included some exception-  
ally good animals. In the three year old bulls Mrs T. Smith, with a good entry, came first, and W. Sewell se-  
cond. George Snell Sr. took first in the two year olds and Strachan Bros first in yearlings.  
In the female Shorthorns the promi-  
nent exhibitors were George Snell Sr, Strachan Bros, Niemann Bros, G. C. Lassell and H. C. Dunlop, the classes

Will be the chief subject of discussion at every U. F. A. meeting throughout the province. There will be intense interest in the various steps taken by Premier Greenfield and his supporters in giving effect to the new Government's policies.

There cannot be intelligent discussion unless there is intimate knowledge of what is happening at the seat of government. That knowledge should be up-to-the-minute, and from an impartial, unprejudiced, and unbiased source. Every farmer who subscribes for the

with T. Armour and P. O'Brien second and third.  
The showing of Angus was a smart one in which E. A. Pitman was allowed to have it all his own way  
The grade dairy cows were of good and a youthful Amseycla quality, Frank Fahner winning first, and a youthful competitor Ezra Fahner taking first for one year old heifer, and a G. W. V.A. man, G. M. Beattie for 1921 calf  
Among the beef and fat cattle exhibits there were a large proportion of outstanding animals.  
The palfied calf competition for boys and girls was keenly contested and the quality of the exhibits indicated the good work done by the contestants  
The showing of vegetables, grains and grasses were of high quality'

Some buckwheat was shown for the first time at Chauvin, and several very good sheaf of sweet clover in the blossom stage. For variety in vegetables and small fruits this fair established a record which will be difficult to beat, remembering that it is but the first week in August.  
The domestic exhibits were very favorably commented upon by judge Mrs J. McGregor Smith of Edmonton. This lady was most exacting in her examination of the exhibits. No one piece of needle work escaping examination inside and out too.  
Breads, and other cooking with butter and preserves were all of high quality.  
There were a number of new competitors in the ladies work, and many new names appear on the prize list.  
The quality of the exhibits of ladies work was of very excellent quality the articles all being fresh and dainty looking. Two very artistic were among the exhibits. mention should also be made of the very useful articles which were made from cotton sack, which were made to look very dainty with embroidery and crochet trimming. Some very excellent pieces of embroidery were shown and the knitted sweaters and socks were of the best workmanship. The ladies work altogether reflects great credit on the exhibitors.

left the binder in front of the telephone office and started off on the north road with the pole and truck. The team were stopped near Dr. Folkins.  
Mr. Rodden jumped off near the beginning of the run away and escaped injury.  
Edgar Keatley is now ledger keeper at the Wainwright branch of the Union Bank.  
A strong contingent of visitors from the Manitou Lake district attended the Chauvin fair.  
Japan has expressed her willingness to be represented at the disarmament conference November 11th.  
The steamer Alaska struck on the rocks at Blunts Reef, Saturday, in a dense fog. She was afterwards split in two by an explosion of the boilers. The steamer Anyox rushed to rescue in response to wireless distress calls. 106 were saved. 48 perished including Captain Hobey.

Large quantities of binder twine are being hauled out from town these days.  
On Monday evening the four horse team hitched to Mr. W. Roden's new binder between Colette's Garage and the telephone office ran away, doing considerable damage to the binder. The cause of the runaway was that the clutch was left in on the binder the noise of the working parts of the binder scaring the horses who started off. After going a short distance they

**Poultry Keeping**

If resident in either town or country and you wish to know how best to keep poultry and secure the most satisfactory results, consult a pamphlet treating of the subject prepared by the Dominion Poultry Husbandman, F. C. Elford, and recently issued by the Department of Agriculture at Ottawa. The pamphlet can be had free on application to the Publications Branch. It tells of how poultry can be made to pay how the birds should be housed and fed, how

they should be treated in winter and summer how to commence keeping in a small way, the equipment that is desirable how to choose a breed, how to hatch and rear, and how to gather, keep, or market the eggs. In short all the essentials to success in poultry keeping for home consumption or selling are clearly and explicitly explained. In the term poultry are included turkeys, geese, ducks, guinea fowls and pigeons, the raising and care of which are fully discussed. Numerous illustrations of types of birds, and of methods of housing and feeding contribute to make the pamphlet an invaluable compendium on poultry-keeping and marketing.

The girls hand roughened by too frequent contact with dishwater and the broom may not give you quite the thrill of the soft one, but it is the safer one to place a wedding ring on.

**Legislature May Be Decided Upon**

LEGISLATURE MAY BE DECIDED ON

As a result of the turnover in provincial government affairs it now appears highly probable that a session of the new legislature will be held this fall as soon after harvest as possible.

Although spring sessions of the Alberta assembly have been the custom for some years past, there is every reason for believing that the house will be called together next November, to enable the new U.F.A. administration to "get on its feet" so to speak. Whether another session in the early part of next year will be necessary of course depends on how affairs progress during the next few months.

Premier Greenfield will likely be prepared to take over provincial management before the end of the month at the very latest according to opinions prevalent in the parliament buildings. Premier Stewart and his cabinet have matters in hand sufficiently at the present time to turn over the reins whenever the premier-elect says the word.

All U.F.A. members-elect are being summoned to meet Mr. Greenfield at Edmonton next Thursday at which meeting the suggestions for the new cabinet will be announced. In all probability the selections announced by the premier-designate will not be seriously challenged by the members-elect in his hands and by reason of nothing more than a casual acquaintance with each other at present are not likely to offer any concerted action against the state submitted.

One thing is certain however, from events of the last two weeks, and that is the small prospect of members-elect resigning to allow outside selections for the cabinet to take their place. Facing this fact Mr. Greenfield has been obliged to confine his selection of cabinet material almost wholly to the field of elected candidates.

Premier-Designate Greenfield is expected in Edmonton next Wednesday of the coming week. Nothing can be done regarding the calling of Mr. Greenfield to form the new government till the return of Lieutenant Governor Brett on Thursday.

The constitutional procedure will be that Premier Stewart will hand in his resignation to the lieutenant-governor, and with his resignation goes that of his cabinet. The premier man then recommend to the lieutenant-governor the name of the new leader of the dominant party, as the coming premier. If the lieutenant-governor accepts that name he will ask Mr. Greenfield to form a government.

The News of the Week

Between 3,000,000 and 4,000,000 trees have been distributed to farmers this season from the Government Experimental farm at Indian Head, Sask. Inquiries now being received indicate a still larger demand for next year's planting.

Have you tried The Chauvin Bakery?

July reports from Canada's six apple growing provinces point to a yield of this staple fruit considerably in excess of last year's crop. A ten per cent increase is expected in British Columbia.

Forty-nine oil rigs are now operating in Alberta and eleven more are in transit for likely fields.

Eight municipal hospitals were in operation in Alberta during the past year, and four new hospital districts established. Schemes ratified by ratepayers up to the end of the year provide for 196 beds, and during the year, 2,439 patients were admitted to those hospitals in operation. The rural tax rate for the support of the hospitals varied from 2½ cents an acre to 4 cents per acre.

M. Staley, Ribstone

Fruit Growers in the Lower Fraser Valley British Columbia, have put over 1,000 barrels of strawberries in cold storage to be held until the canners are ready to take them. The berries are packed in sugar and will keep in condition for preserving indefinitely.

An Emerson district farmer begun cutting wheat on July 18th. This is a new record for early harvesting in Manitoba. The wheat was sown on April 22nd. Oat cutting began on July 15th.

News of new discoveries of gold and copper in Northern Manitoba are constantly reaching The Pas, the headquarters for prospectors and mining men in that part of the country. Spectacular samples of free gold have been brought in from Elbow Lake. These were taken from a tremendous quartz porphyry body, which had been traced for 2,000 feet one way and 4,000 feet across without reaching the contact walls. Free gold is found all over the ore body and good tailings can be obtained by panning. A recent discovery of copper on Thaupapuskow lake promises to rival the Flin Flon property in size and richness.

Being good to your wife does not merely consist of not being mean to her.

The announcement that New York wants a million pounds of Alberta butter will be good news to the farmers of this Province; in fact the farmer will find the news as good as New Yorkers will find the butter." says the Edmonton Bulletin. That is one kind of farm produce that Alberta has more of than it knows what to do with. And production at present is only at the minimum. When they go at it in earnest under the inducement of a steady export market at satisfactory prices, there is hardly a limit to the amount the creameries and farm dairies of Alberta can turn out. If New York will supply the market Alberta can supply the butter in any quantity required."

BUTTERICK PATTERNS with complete directions for finishing

Deltor is a new and wonderful addition to Butterick Patterns which does for the skill and cleverness of your cutting, sewing and finishing, what the pattern does for the style of your garment.

As the pattern enables you to reproduce in your garment the style originated by a master designer, so Deltor enables you to reproduce, in the cutting of your goods, the dash and accuracy of its original cutter; to reproduce the skilful precision and niceties of its original tailor in your sewing and making; and to reproduce in the finishing those subtle touches, the very individualities of method, of its original creator.

Stop at our Butterick Pattern Department when you come to the store, and have this new system explained to you.
